

# Blue Water Breb

Agency and Terminal operator in  
Cuxhaven and Mukran

**BLUE WATER BREB**

## One-stop-shop in Cuxhaven and Mukran

Blue Water BREB is a 50/50 joint venture between Blue Water Shipping and BREB in Cuxhaven, Germany.

Both companies have extensive knowhow of project logistics and with the combination of local presence and global knowhow Blue Water BREB is your loyal and professional business partner in Cuxhaven and Mukran.

### Whatever you need - we provide

Blue Water BREB has a skilled port operation and agency team in Cuxhaven and Mukran offering services to all types of vessels, but within project related cargo, offshore wind and terminal hub logistics we are second to none.

HSSEQ is an integrated part of our daily work, and Blue Water BREB focuses on safety, quality, corporate social responsibility and environmental awareness through our culture, policies and education always operating in accordance with local and international standards.

We use the CompassWind IT management system to support our operations and to give clients full visibility of every movement – a system implemented and used with some of the biggest turbines manufacturers in the World.

**Acting on your behalf, we ensure timely decisions and the best solutions.**
